

# Droplet Digital™ PCR Scientific Conference 2017 - Padova Agenda

29th September

Università degli Studi di Padova, Facoltà di Medicina, Aula Vesalio

## Agenda

- 10.00 Registration and Welcome Coffee
- 10.30 Introduction  
Prof Gianpaolo Rossi, Dipartimento Medicina, University of Padova
- 10.45 Droplet Digital PCR Solutions: Future and Perspectives  
Jennifer Jackson, Market Development Scientist, Digital Biology Group, Bio-Rad Laboratories
- 11.15 Diagnostic Application of ddPCR for EGFR Mutations Detection in Circulating Tumor DNA (ctDNA) of Lung Cancer Patients  
Dr Calogero Lauricella, Niguarda Cancer Center Milano
- 11.45 "Droplet Digital PCR and Liquid Biopsy: a Useful Tool for Diagnosis and Monitoring Therapeutic Response in Lung Cancer"  
Dr Elisabetta Zulato, Istituto Oncologico Veneto – IRCCS
- 12.15 Next Generation Liquid Biopsies: Genotyping Cancer in Blood and Other Body Fluids  
Dr Giulia Siravegna, Molecular Oncology Lab Ist. per la Ricerca e la Cura del Cancro Candiolo
- 12.45 Lunch
- 14.00 Illumina Bio-Rad Single Cell Sequencing Solution  
Aida Soler, Marketing Technical Specialist Southern Europe, Illumina
- 14.30 Serum microRNAs as Biomarkers for Early Diagnosis of Lung Cancer: Reality or Utopia?  
Dr Paola Campomenosi, Department of Biotechnology and Life Sciences (DBSV) University of Insubria
- 15.00 Mitochondrial Genome Rearrangements: Quantification of Multiple Deletions in Mitochondrial Encephalomyopathies  
Dr Leonardo Caporali, University of Bologna
- 15.30 Conclusions
